**2015 GMC Yukon Denali 4WD** - George Lynch personal 2015 GMC Yukon Denali 4WD. This is a one of a kind as it belongs to Guitar Legend George Lynch. George Lynch was the guitar player for the Multi Platinum selling band Dokken. George then formed his own band Lynch Mob in 1989. George is still actively touring today. This is George's personal vehicle. This Denali has 107,000 miles and runs and drives like new. The sunroof recently stopped working. We are thinking the switch or fuse. Will

try to get that working. It is fully loaded as all Denali's are. Has 4 Wheel Drive and has the 6.2, 420 Horse Motor. George's good friend, Danny Koker, from the hit TV show Counting Cars, wanted to personalize it for George. George wanted it to be tastefully done so Danny decided to stitch George's name in the Head Rests and Etched George's 2 most recognized guitars in the back glass. The etching looks killer in person. It gets better! George is throwing in a Signed ESP guitar to the new owner. I am marketing this for George but you will be actually purchasing this vehicle from him directly. He will be handing you the keys if you decide to pick it up in California. You will be contacting me for any questions or info you might need.
