**1929 Ford Roadster Hi-Boy** - You are viewing a 1929 Ford Roadster Hi-Boy. Titled as a 1929 Ford. As you probably know, the 29 Roadster is usually very small inside. This is an aftermarket Steel Body that is stretched inside. Plenty of room as I am 6 foot 1 and have plenty of room. A very high end quality build. This Steel Body is Laser Straight and has a beyond Show quality Paint Job. Stunning High gloss Black with Ghost Flames. Flames really pop in the sunlight! The interior looks new. Black with Red, always

works! Motor is a Chevy 350/300 HP Small Block. Motor is all polished and chrome. Complete Chrome Front End. Has 10 Bolt GM Rear End, Front Disc Brakes, Rear Adjustable Coil Over Shocks in Rear, Power Trunk, Auto Meter Gauges, American Racing Torque Thrust Wheels, Custom Wood Steering Wheel. Has Automatic Door Poppers or you can use buttons located under dash on each side, or you can open manually with lever on doors. As I mentioned, a very high end build. You will not find a nicer 1929 Roadster on the market. Please look at all the 12 pictures and watch the video. You will not be disappointed.
