1932 Ford 5-Window Coupe - You are viewing a 1932 Ford 5 Window Coupe. I want to start by saying I have been in the car business for 31 years. Specializing in Street Rods. This is by far the most high end quality build I have ever owned. I've owned many. This is a Flatlander glass body. I have never seen a glass body with all the steel body features. Starting with the Drip Rails, Fold Out Front Windshield, Cowl Vent which is functional, and exposed Door Hinges. Has a Rootlieb Steel 3 piece hood. Paint is

absolutely show quality. Body is laser straight with all gaps just perfect! Under carriage is show quality. Bring your mirrors to the car show! The Interior is the most impressive interior I have seen in a Street Rod. High quality Leather and Suede. Real leather, not ultra imitation leather seen in most Street Rods. When you open the door you get blasted with fresh leather smell!!!! Has power windows that operate with handle that appears to be roll up windows. Engine compartment looks new. Motor is a 350 Chevy matched to a Turbo 350 Transmission. All chrome front end. Ignition, Headlight Switch and Stereo are all under the dash for a much cleaner look.
