1957 Chevrolet Belair 4 Dr Sedan - You are viewing a 1957 Chevrolet Belair 4 Dr Sedan. I believe this to be the nicest unrestored 57 Chevy in existence today!!!!!! This rare 57 has 4700 ACTUAL miles!!!! Documented and on the title. Stunning Black on Black. Story is this car was in the Car Collectors Hall of Fame Museum that closed in 1998. The car overall is in unbelievable condition. Needless to say kept in climate controlled storage as the original Black

Paint still looks amazing! Interior looks like it has never been sat in! The undercarriage is spotless. I have the 4 original tires that came on the car. Car now has Coker Wide White Radials. You can drive this car anywhere. Over the years any undercarriage restoration that needed to happen to keep this car drivable has been done. New Gas Tank, New Exhaust, Brakes etc. Fires right up and and drives like NEW!!! No rattles and tight as a drum. Drivetrain is all original. Has original 283 V-8 and Automatic Turbo glide transmission. I have the original Bias Ply Wide Whites that will go with the car. Very minor but want to mention on passenger side roof above the rear door, there is a small ding. While on display, the sign next to it was bumped and hit the roof. Again, this is very minor but want to mention it. Hard to notice actually.
