1981 NASCAR Turbo Trans Am Pace Car -

One of the most sought after late 2nd Gen Trans AM is the 1981 NASCAR Pace Car TA like we have right here. One of only 2,000 manufactured. These only came one way and that was loaded. It is the only 2nd Gen Trans AM to have a RECARO interior installed. These seats are amazing to sit in. The Black and White Paint Scheme and the Stunning Red and Black

two-tone interior color scheme really make this TA stand out.

This TA has received a full rotisserie restoration. Car looks and drives like NEW!!!! If you have been considering adding a rare Turbo Charged Trans Am to your Collection or this is your first TA, you will not find a nicer example anywhere! Have PHS Documentation as well.

- 1 of 2,000 manufactured
- Only 2084 miles since restoration
- Turbo Charged 301ci, Pontiac 4.9L - V8
