1984 Porsche 911 - You are viewing a 1984 Porsche Carrera 911 Targa. These Air Cooled 911's are starting to skyrocket in value. This car is just out of a private collection and has never been offered for sale before now. Owner purchased this from his friend who was the original owner. This Porsche looks and drives like new with only 72,000 original miles. Has had one repaint and paint and body are show quality. Interior is all original and looks new. Everything works including Ice Cold Factory AC. All gauges

work perfect, even the clock works! Undercarriage is clean driver quality. No rust issues anywhere! This car is unbelievably tight. No rattles. Handles unbelievable! Very fun to drive. This is a rare chance to own a very collectable unmolested Porsche. Has clean Car Fax and Auto Check.
