**1977 Pontiac Firebird Formula** - I believe this could be the nicest 1977 Pontiac Firebird Formula in existence today. This is a fully documented Formula with 17,000 actual miles!!!! Not only that, this Formula has the very rare and desirable Pontiac 400 TA 6.6 Motor and a Factory 4 Spd. Not many Formula's produced with this engine and transmission combo. Car is 100% original. All original paint looks NEW!. Interior looks NEW!!! Engine compartment looks NEW! Undercarriage was dealer undercoated

and have certificate. It also looks NEW! Really, the best part with this car is how it drives. It truly drives like it just rolled of the showroom floor. Doors close without having to slam them, all gauges work, original radio works, all interior lights and buzzers work, shifts tight like new, clutch feels like new. This is a NEW car period! I have been in business for 28 years, I have never come across a 40 year old car so well preserved. This is truly a time capsule. I have all original documentation with this car. All original books, manuals, original bill of sale, crisp original build sheet, and PHS documentation. Even have the original unused keys with original dealer key chain! Here is your chance to own a very rare collectable muscle car and an amazing investment. PLEASE take the time to view all pictures and watch my walk around video.
